	LIGHA DE DOGO DE EG
	LISTA DE DROPS DE FO
Indicaciones básicas:	
Hay cartas que tienen re	equerimientos para ser ganadas. Los mismos serán indicados aquí debajo.
Color do la corta	Described for
Color de la carta:	Descripción
Blanca	Una carta común que su ataque puede llegar hasta los 2000 puntos de ATK o DFD en algunos casos.
	En su mayoría pertenecen a cartas rituales y algunas aún no se han conseguido hasta ahora.
Amarilla	Aumenta su rareza y probablemente son más fuertes o tienen efectos elevados, como King of the Skull Servants.
Amarma	Algunas son partes de ritual y otras son cartas tan comunes como las blancas
	Algunas son partes de ritual y otras son cartas tan comunes como las biancas
Naranja	Aquí ya la rareza aumenta y algunas tienen poder bastante elevado o efecto muy poderoso, ejemplos son
	Meteor B. Dragon, Crush Card, Tragoedia, etc. Sólo algunas pertenecen a cartas de ritual.
Rojas	Aquí la rareza aumenta bastante tanto como el poder de las que llevan este color. En monstruos, un ejemplo
•	es Master of Oz, magias ; Raigeki, trampas ; muchas (ej Sakuretsu Armor), y sólo un par de monstruos son
	material de rituales (ejemplo The End of Anubis)
Moradas	Aquí empieza lo complicado, todas las cartas MORADAS NO RITUALES REQUIEREN UNA CANTIDAD DE
	VICTORIAS CON EL DUELISTA QUE LA DA.
	Ejemplos: Valkyrion the Magna Warrior - Riryoku
	Valkyrion es una carta ritual, por lo tanto no requiere cantidad de victorias/wins para ser ganada.
	Riryoku es una carta no ritual, por lo tanto sí requiere cantidad de victorias/wins para ganarla.
	El número de victorias mínimo para una carta morada son 400. Las derrotas no influyen en lo absoluto.
	Las cartas de este tipo ya se vuelven muy poderosas porque en su mayoría tienen un efecto muy
	especial o en caso de monstruos son muy poderosos. Hay algunas de este color que no tienen tanto
	poder pero sí una rareza elevada lo que aumenta la dificultad.
Azules	Estas son las cartas más raras del juego, tienen una dificultad extrema en ciertos casos para ser ganadas.
	Sólo hay unas pocas cartas que poseen este color y muchas de ellas aún nadie las ha ganado.
